

TicketMates arrives in Tropical North Queensland

The future of tour desk ticketing has arrived to Tropical North Queensland. TicketMates is an Australian owned and operated company that was introduced to the Gold Coast tourism market in 2004, as an on-line ticketing solution for agents and accommodation building managers.

TicketMates offers an aggregation of small and large tourism based operators the opportunity to promote their product through the website, targeting a vast portion of the tourism market.

TicketMates member base has grown significantly since its arrival in 2004 and currently has over 380 resellers, 130 operators and 1000 + products ranging from Byron Bay in the South to Port Douglas in the north.

A dynamic new team will bring some fresh air into the Tropical North Queensland tourism industry. The TicketMates system is the most efficient and easy to use system in the market and has a completely integrated back end with the Ezy Rez and Hiram accommodation reservation software, which facilitates automatic login and a seamless charge to the guests account.

TicketMates is also proud to announce that it has commenced programming an interface with the Respax Operator Network (RON). This will give users live availability, instant confirmation and is due for completion in mid June.

TicketMates are now in the final stages of acquiring product for North Queensland with an anticipated release date to resellers of July 1. If you would like to contact TicketMates, please call (07)55 922233 or Lindy Bliss on 0447775195.
